### ON THE TWO FALSE VERSES ADDED TO CHAPTER 9

There is absolutely no doubt that verses 9:128 and 9:129 do not belong to Quran. The evidence for these verses being false and added to Quran after Muhammad's death is overwhelming. (For more information, please refer to Appendix 24, Tampering With the Word of God, "QURAN: THE FINAL TESTAMENT—Authorized English Version," Translated From the Original by Rashad Khalifa, Ph.D.) These false verses have been suspect for more than 1300 years, as documented in such classical references as Bukhari, Al-Itqaan by Suyooty, Ibn Katheer, and others. Some of the findings in these documents indicate that Muhammad's cousin Ali knew that false verses have been added to Quran, and that he was going to do something about it (See S.P. issue of November 1987). He actually did something about it. He and his son Hussein fought to remove these false verses from Quran. They did not fight for power as announced by their enemies who killed them and many others who supported them.

The injection of the two false verses 9:128 and 9:129 was in accordance with God's will. These verses demonstrated the major function of Quran's mathematical system, and proved that no falsehood could or can enter into Quran, as promised by God (41:42). The false verses also resulted in an awesome miracle in its own right, by God's grace and wisdom. The table in the bottom right corner is a new example, and one minute detail of how God structured Quran mathematically so perfectly, that it is simple to understand, yet impossible to imitate.

Let us explain the contents of this table. Since the false verses are assigned the numbers 128 and 129, let us look at every sura (chapter) in Quran, and find all the verse numbers in these suras, that are a multiple of either 128 or 129. These verse numbers can be found only in suras that have 128 or more verses. For example, Sura 2 has 286 verses. From 286 numbers, only four are a multiple of 128 or 129. These numbers are 128, 129, 256, and 258. The sum of these numbers is 771 for this sura, and is given at the rightmost column of the table.

If we repeat this procedure for the 9 suras shown in the table and add the sum of these verses, we get 2698, a multiple of 19. Thus, it conforms to the mathematical miracle of Quran, without the false verses of Sura 9. It is also interesting to note that there 19 such verses in these 9 suras, and the sum of these verses, 2698, is the number of occurrences of the word "God" in Quran. Furthermore, besides their total being a multiple of 19, when the sum of the verses at the rightmost column are put in one line as shown below, the resultant number is also a multiple of 19:

771 257 257 257 257 128 257 257 257 = multiple of 19. Praise God.

Sura No.	No. of Verses	Verse #s multiple of 128 or 129	Sum of the Verse#s
2	286	128, 129, 256, 258	771
3	200	128, 129	257
4	176	128, 129	257
6	165	128, 129	257
7	206	128, 129	257
16	128	128	128
20	135	128, 129	257
26	227	128, 129	257
37	182	128, 129	257
			(19 x 142) 2698

Say, "He is able to pour upon you retribution from above you, and from beneath your feet, or He can divide you into factions and have you taste each others' tyranny and persecution. Note how we explain the revelations, that they may understand." (6:65)

## ARABS vs ARABS

They are suffering the tyranny of each other because they abandoned Quran

Who is going to shield them from the wrath of God?

If we look at history, we see that the Arabs were superior in science and math, and they were powerful rulers for about 200 years after the prophet Muhammad through whom Quran, the Final Scripture, was revealed. That was the period in which the majority of the Arabs were still upholding Quran alone for religious guidance. Then came Bukhari and several other idol worshipers who collected volumes and volumes of "sayings" and "deeds" attributed to Muhammad, against his will and against God's commandments in Quran:

"We also set up enemies against every prophet, human and jinn devils, who inspire in each other fancy words, in order to deceive... You shall disregard them and their fabrications... Shall I seek other than God as a source of law, when He revealed to you this book fully detailed?... The word of your Lord is complete, in truth and justice. Nothing shall abrogate His words..." (6:112-115). "The only ones who fabricate false doctrines are those who do not believe in God's revelations. They are the real liars" (16:105).

These innovative, blasphemous and contradictory collections of "sayings" and "deeds" which are called the *Hadith* and *Sunna* of the prophet, started to become a source of religious instructions in the Arab communities. The more the Arabs followed the man-made *Hadith* and *Sunna* over God's teachings in Quran, the more backward they became. They soon lost all their power and scientific role in the world. They gradually became poor and

oppressed.

God gave them another chance just before the advent of the Messenger of the Covenant. He made them extremely wealthy through vast oil reserves in the desert. The nomads of the desert, once poor and oppressed, were able to build their country and become educated. God gave them enough resources and the opportunity to spread the true religion of Islam to the world once again. However, they still continued the idol-worshipping ways that they learned from their parents, which kept them backwards for centuries. They insisted on following *Hadith* and *Sunna*, instead of the clear guidance of Quran. They represented to the world, not the jewel of Islam, which is Quran, but all the man-made innovations and customs that are disguising the jewel. Thus, they made a mockery of the religion of Islam.

Because Quran was revealed in their tongue, their responsibility is much greater to uphold Quran alone, and represent the true Islam to the world. However, they have failed in their responsibility. They do not follow the truth from God. Rather, they follow the nonsense from misguided scholars. Thus, the majority of people in so-called Islamic countries are misled, and many people are repulsed by what they perceive as the religion.

"Among the people, there are those who uphold baseless *Hadith*, and thus divert others from the path of God without knowledge, and take it in vain. They have incurred a shameful retribution" (31:6).

They spent millions of dollars every year to conceal and fight the Quranic miracle based on the number 19, which is described by God in Quran (74:35) as one of the great miracles. This miracle proves that Quran is the word of God and every letter in it is divinely preserved. However, this makes them irritated and arrogant, instead of making them happy and thankful.

They also opposed and rejected the messenger who came to purify the religion and solidify all the religions into the only one that is acceptable to God: Islam, or total submission and devotion to God alone (3:19). They thus incurred God's curse upon them.

"Those who disbelieve spend their money to repel others from the way of God. They will spend it, then it will turn into sorrow and remorse for them; they will be defeated in the end. Ultimately, such disbelievers will be summoned into Hell" (8:36).

Now, God has raised a tyrant among them who threatens their survival. They cannot enjoy their wealth because of fear. That is the consequence of abandoning God's revelations, and failing to see the truth. The consequence in the Hereafter will be even worse if they only knew.

"We have sent a messenger to every community, saying 'You shall worship God, and avoid idolatry.' Some of them were guided by God, while others were committed to straying. Roam the earth and note the consequences for the rejectors" (16:36).

## 5th Annual Conference of USI A union of the family of Submitters

5th Annual Conference of *United Submitters International* was held on August 30, September 1 and 2 in Tucson, Arizona. More than 180 Submitters from all parts of the world participated in this historical event which exemplified their dedication in the cause of God. This was the first conference without Dr. Rashad Khalifa, the Messenger of the Covenant, amongst us. The disbelievers, the hypocrites, the idol worshipers who rejected and killed the messenger of God thought that once Rashad is gone, the Submitters will eventually disappear and leave them alone in their mischievous ways and idolatry. Their dream or wishful thinking did not come true, nor is their scheming working by God's grace.

The overwhelming attendance clearly demonstrated the fact that the Submitters were not following Rashad, the person; they were and are following Rashad, the messenger of God, and the message he brought: Worship God alone, follow Quran alone. The Submitters showed their determination in the service of God and in being part of the community to deliver His message to the world. They came from all parts of the United States, Canada and overseas to be with their brothers and sisters in Submission, and to give each other support, information and confidence.

There were 19 countries represented in this conference. These countries in alphabetical order are as follows: Afghanistan, Canada, Egypt, France, India, Indonesia, Iran, Japan, Libya, Mexico, Morocco, Pakistan, Somalia, Sweden, Thailand, Trinidad, Tunisia, Turkey and U.S.A.

"...Only those who possess intelligence will take heed."  
(2:269)

## INTELLIGENCE

Intelligence is formally defined as "the ability to learn, to understand, and to cope." Each creature is endowed with a kind of intelligence befitting its nature. God endowed us with minds so that we can use common sense, reason, and logic to adequately adapt to our world and ultimately realize that God exists, that He is the one Lord and Master of creation (20:54).

"He gave you the hearing, the eyesight, and the brains, that you may be appreciative" (16:78).

In themselves, memory and sensory perception do not constitute intelligence. Animals can surpass man in every category of sense experience and memorizing species-specific information. Human intelligence serves a purpose that extends beyond survival and coping. Human intelligence is inextricably linked to the worship of God alone.

"You shall observe Me, O you who possess intelligence" (2:197).

"He bestows wisdom upon whomever he chooses, and whoever attains wisdom, has attained a great bounty. Only those who possess intelligence will take heed" (2:269).

### Misuse of Intelligence

The greatest misuse of intelligence is not heeding God's guidance and commands. Intentional rejection of

God's guidance reduces the individual to the lowest of creatures.

"We have committed to Hell multitudes of jinns and humans. They have minds with which they do not understand, eyes with which they do not see, ears with which they do not hear. They are like animals; in fact, they are far worse—they are totally unaware" (7:179).

"The worst creatures in the sight of God are the deaf and dumb, who do not understand" (8:22).

Most people have a narrow view of what intelligence is. They think it is reflected in performance on achievement and aptitude tests, popularity, career choice, and material success. For the misguided majority, another sign of intelligence is "not depending on religion or God." The majority follow whatever is deemed as reasonable by their parents, leaders, scholars, celebrities, and traditional beliefs. So-called "smart successful" individuals who discard God's guidance are irrational and foolish.

"What is wrong with your logic? Why do you not take heed? Do you have solid proof?" (37:154-156).

"The soul and Him who created it. Then showed it what is evil and what is good. Successful is one who redeems it. Failing is one who neglects it" (91:7-10).

### Only the Intelligent Worship God Alone

In the Quran, repeated phrases that are written after advice, examples, and warnings are: "for people who think, for people who hear, for people who understand, for people who reflect, for people who know, for people who take heed, and for people who believe." The intelligent are also described as believing in the whole scripture (3:7), able to distinguish between good and bad (5:100), aware that Satan misleads (36:62), open-minded and accepting of best opinions (39:18), and able to learn from previous generations (12:111).

Verses 13:19-24 describe the intelligent as: knowing that God's revelations are true, fulfilling their pledge to God, not violating the covenant, joining what God commands to be joined, reverencing their Lord, observing the contact (Salat) prayers, steadfast, seeking their Lord, paying their Zakat and giving to charity secretly and openly, and countering evil with good.

The miraculous mathematical code in the Quran — built-in proof of divine authorship — is simple to understand but impossible to imitate. Along with the Quran, the code is the ultimate 'intelligence test'. Only the intelligent pass this test, and only the intelligent realize that God is the One and only Lord, and He alone is to be worshiped.
